Weekender

Power : 3 kW continuous

Surge : 5.75 kW

Storage : *7.11 kWh useable

Components : VFXR3024E

FM80

Mate3s

Hub10

FN-DC

RTS

*Storage calculated at C10 rate & 50% DOD

NO GRID, NO PROBLEM

The OutBack Maxim Weekender Series is ideal for Off-Grid applications where Continuous power is important. Featuring OutBack's *FlexPower1* coupled with *12 x EnergyCell OPzV 750 Ah batteries*, Maxim systems are made to supply clean ongoing reliable power in the harshest of environments.

Maxim Weekender is capable of delivering enough power to run small loads including refrigerator, ceiling fan, phone charger TV and a small pump and provide days of autonomy. *

WHY CHOOSE MAXIM ?

Designed for convenience, value and flexibility, OutBack Maxim systems take the guesswork out of packaging a system.

- 1 Single brand solution
- 2 Reliable Technology
- 3 Deliberate design
- 4 Package pricing
- 5 Multiple options

For more information on OutBack Maxim packages contact your local supplier, and for information on OutBack products visit their website at www.outbackpower.com

What can you power with an OutBack Maxim Weekender series?*

* Load Profiles are based on typical appliance power requirements and are for illustration purposes only. Check with your OutBack Power distributor or installer to determine the right OutBack Maxim package for your application
